★★★★★ Jeff B. Inglewood, CA

3/26/2019

We found Nate through Home Advisor and certainly hope others do too! Nate and his team from Tega Builders did a terrific job on our garage conversion project. His estimate was reasonable and we were impressed with the quality of his work. We got a great sense with their skills and ability as this project required a fair amount of construction know-how as well as ability to coordinate with our city. We also appreciated his flexibility in terms of scheduling, prompt arrival, and great communication. You seriously couldn't ask for more!

I hired Nate from Tega to convert our garage. He was very professional and got back to me with a quote very quickly. He also got all the permits needed quickly. I really appreciated how responsive he was to any of my questions via email or phone. He also managed to fit me into his schedule within the week. He went above and beyond to make our garage look the best it could and did a great job. Being a homeowner, I am always worried that contractors will try to do the minimal job, but Nate did everything the right way. Afterwards, everything was completed and cleaned. I would definitely use him again in the future if I need a contractor!
